Hello Joel,

I wanted to edit to bring the text down from three pages to ideally one-page but two can be okay - The important part is the moving clause which is a Council-initiated amendment to the HPOZ boundary. Then I wanted to share the revised draft with our Chief Legislative Analyst's (CLA) Office to ensure proper form, style and content. Once we have a final Motion, then it can be introduced at any upcoming Council session and will most likely be referred to the PLUM Committee. How about allow for say another week so the draft Motion can be edited and finalized, then let's tag-base. Gerald

Good morning, Gerald.

Can you please let us know when CM Cedillo might be introducing the motion (see enclosed) to correct the boundaries of the HPOZ?

Thank you,

Joel
